Action ☒
Discussion ☐
Information ☐

Action Requested:

Appoint a slate of candidates.

Information / Background:

Based on the positive feedback received at the May 17, 2013 update, staff has continued to plan for the creation of a Community Advisory Team to help guide the redevelopment of the Grandview District. As of May 17, 2013, more than 20 residents have expressed interest in participating. A roster of candidates is attached.

The Council is anticipated to discuss possible combinations of candidates at the June 4th Work Session. Based on this conversation, a recommended slate will be presented for full consideration by the Council.

Time is of the essence in convening this Advisory Team. There is much work to do so that the implementation of the Grandview Development Framework can be accelerated.
